¹If you have any questions about membership, please email a2ruconnect@umich.edu.

²Posting up to \$70 value.

³It is important to note that not every institution will receive the maximum amount of awards/grants they are eligible for every year.

⁴Access to partner pricing for additional registrations.

⁵We understand that not all institutions use the same language to define their units. These departmental memberships are designed to give individual units an opportunity to engage with the a2ru network as they build connections across their university that would allow them to reach the threshold to sustain an institutional membership. If your unit is made up of multiple disciplines and will draw from multiple budgets to pay for your membership, please select an interdepartmental membership, or consider our 1-year Affiliate institutional membership level.

⁶Departments in neighboring disciplines, ones that might be found in the same school-- e.g., Visual Art and Dance.

⁷Departments in disciplines not usually found in the same schools, such as Engineering and Music.
